

## Sample installation reference

**University of  
Sunderland**

April 2011

Just wanted to drop you a quick note to say thank you for Roche's work over the last couple of days in the Design Centre. The installation team, Lee and Phil, have done an excellent and very professional job and I just wanted to pass on my thanks for how they have gone about their work over the last few days. I'd also like to thank Mike for working with us on developing the spec for the rooms, we are really pleased with the end result and have no doubt it will enhance the learning experience in these areas.

Look forward to the installations at Preistman and having more discussions around our AV projects over the Summer.
