

## Roche Professional Plus Laser Presenter

Simply plug the USB receiver into your device to connect to your Powerpoint, Keynote and Prezi presentations. 100m range between transmitter and receiver allows you to move freely around the room whilst presenting. Use the integrated laser presenter to bring the audience's attention to particular parts of the slide, allowing for a more engaging presentation. The intuitive user interface gives the user control over their presentation, with slide change, black screen, full-screen and volume control all available at the touch of a button.

### Key Features:

- Volume Control
- Black Screen
- Full Screen
- Small and Lightweight
- Built-in laser pointer requires AAA battery (supplied with one)
- LED light indicated operation and battery power
- Supports Windows 7, Windows 8, Windows 10, Mac OS, Linux, Android 4.3 and later
