

Top-Tec Jupiter-Lite Heavy Duty Wall Mount (37 - 60")

The robust Jupiter-Lite is a light-in-weight mounting bracket that secures heavy TVs to the wall. Its versatile affix to the mounting holes on the majority of screen types, while its durable frame is able to support the weight of screens up to 60 inches in width. As the slimmest bracket of our screen mounting range, the Jupiter-Lite is simple to use and install. Two mounting arms are fixed to the back of the screen and slotted into the main mounting bracket, which fastens to the wall. The arms are fixed into position with a strong locking bar and the device is secured with a padlock to prevent any access to the wall and screen fixings.
