NEST-STAR® Nesting Trolleys

AV Teaching Aid on Wheels

A complete large format audio visual teaching assistant on wheels that can be deployed quickly and neatly stowed when not in use.

This robust trolley is designed for large format displays and securely houses your favourite PCs and controllers, whilst allowing fast deployment of cabling. The standard trolley comes with a plain mast. However, we understand that choice of equipment is important and will customise the rear or front of the mast section with a 300 x 300 x 100mm cable/keypad pocket and standard double gang wall plate & cable assembly at an additional cost. (Please call us for a quote). Handles are provided for ease of movement as standard.

These trolleys can quickly turn an empty space into an effective student e-learning environment as and when required. Whilst Sinterflex Black is the standard colour, other bright & bold finishes are available.

- * Robust modular construction
- * Easy to assemble and install
- * Quick and easy deployment
- * Customisation available
- * Secure storage for players / PCs
- * Standard black with colour options
- * Fast turnaround delivery 5 - 7 days
